FOR IMMEDIATE RELEASE

DWY Landscape Architects Launches New Website and Announces Book

Sarasota, FL (October 2014) – DWY Landscape Architects continues to celebrate its 15th anniversary with the launch of a new website and the announcement of a “coffee table” book featuring DWY designs just in time for the holidays.

The website (<http://www.DWYLA.com>) showcases the firm's experience and diverse range of commissions in a clean, photo centric format.

“Images are truly worth a thousand words,” explained DWY Principal David W. Young, ASLA. “It was time for an update and the new website utilizes large scale photography and conceptual renderings to present the firm’s more significant projects.”

If you’re looking for a gift for the design or gardening enthusiast, the 300 page hardcover book *Masterpieces: Courtyard Architecture + Design* by Lisa Baker is your answer. The book is part of the Masterpieces series published by Braun Publishing AG, a German company specializing in architecture and design with more than 35 titles distributed internationally. DWY designs are showcased in 10 full-color pages including a new coastal modern residence and an urban renovation. The book also includes designs by renowned architects from around the world including Alberto Campo Baeza, BIG (Bjarke Ingels Group), Daniel Libeskind and Steven Holl Architects.

Available for purchase through all major retailers at a suggested retail price of \$45.95, Braun describes the book by stating, “Courtyards are among the most versatile elements of architecture. What makes this task particular interesting is the interplay of architecture, landscape planning

and interior design. The selection includes the projects of some of the most important firms as well as impressive works by upcoming stars.”

Founded in 1999 by David Young, ASLA, DWY is recognized for modern landscapes with a clear connection to each project's site and architectural style. It is the attention to detail in plant selection combined with Young's signature hardscape features, green walls and water elements that have garnered local and national attention. What began as a small practice 15 years ago has evolved into a firm with a portfolio that includes museums, resort developments, campus master plans, parks, and private gardens. DWY Landscape Architects can be reached by calling 941.365.6530 or visiting www.DWYlandscapearchitects.com
